

KH Neochem Announces Price Increases for OXO Chemicals

Crude oil and naphtha prices have remained elevated, while energy costs, including natural gas and LNG, continue to face upward pressure amid ongoing geopolitical uncertainties.

In view of the above, we are implementing a price adjustment to reflect the continued increase in our manufacturing costs.

The price increases will be effective October 1, 2026, or as permitted under existing contracts.

Product	Price Increase (USD/MT)
2-ETHYL HEXANOIC ACID	150
ISONONANOIC ACID (3,5,5-Trimethyl Hexanoic Acid)	150
NONANOL (3,5,5-Trimethyl Hexanol)	150
TRIDECANOL (Tridecyl Alcohol)	150
KYOWANOL M (2,2,4-TRIMETHYL-1,3-PENTANEDIOLMONOISOBUTYRATE)	150
